Award Ceiling:	
Award Floor:	
CFDA Number:	93.847 -- Diabetes, Endocrinology and

	Metabolism Research
CFDA Number:	93.848 -- Digestive Diseases and Nutrition Research
CFDA Number:	93.849 -- Kidney Diseases, Urology and Hematology Research
CFDA Number:	93.855 -- Allergy, Immunology and Transplantation Research
Cost Sharing or Matching Requirement:	No

Eligible Applicants

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Foreign institutions are not eligible to apply. As this FOA is a limited competition opportunity that involves a continuation of the cooperative agreements supporting The Environmental Determinants of Diabetes in the Youth (TEDDY) study), only the current U01 TEDDY awardees are eligible to submit applications.

Agency Name

National Institutes of Health

Description

Purpose. The NIDDK invites Cooperative Agreement applications for a limited competition from the six Clinical Centers already involved in The Environmental Determinants of Diabetes in the Youth (TEDDY) consortium. These clinical centers will continue to participate in the development and implementation of studies to identify environmental factors, which trigger the development of type 1 diabetes in genetically susceptible individuals. The CCs will complete recruitment for the TEDDY study, follow enrolled subjects and continue to work together cooperatively with the existing Data Coordinating Center (DCC) of the study as a Consortium. -Mechanism of Support. This Funding Opportunity Announcement (FOA) will utilize the cooperative agreement (U01) grant mechanism -Funds Available and Anticipated Number of Awards. The NIDDK intends to commit approximately \$5.0 million in FY 2008 to make 6 awards for up to 5 years each. Awards issued under this FOA are contingent upon the availability of funds and the submission of meritorious applications.

3. 2008 Healthy Vision Community Awards Program NEI/NEHEP

Could you please forward to all DPCP's. Thanks!

Special Announcement from the National Eye Institute (NEI), National Institutes of Health

2008 Healthy Vision Community Awards Program

The NEI is pleased to announce that applications for the 2008 Healthy Vision Community Awards Program will be available June 25, 2007. This program provides funding for the implementation of eye health education and promotion activities that support the Healthy Vision 2010 objectives and the Healthy People 2010 goals to reduce health disparities and improve quality of life. Application forms and program information are available at www.healthyvision2010.org/news/hvca

The 2008 awards will focus on the following vision objectives:

- | | |
|-------|--|
| 28-2 | Vision screening for children |
| 28-3 | Impairment due to refractive errors |
| 28-5 | Impairment due to diabetic retinopathy |
| 28-6 | Impairment due to glaucoma |
| 28-9 | Protective eyewear |
| 28-10 | Vision rehabilitation services and devices |

Nonprofit organizations are encouraged to apply, including community-based organizations and agencies, minority-based organizations, schools, faith-based organizations, civic and fraternal groups, community clinics, local Agencies on Aging, and local health departments and agencies. Universities and university-affiliations, such as medical centers, schools of optometry and ophthalmology, are precluded from receiving an award directly, but are welcome to collaborate with community-based organizations. Each award is worth up to \$10,000 per year. Applications must be postmarked by Friday, August 31, 2007. The final selection of award recipients will be based on the evaluation score, geographic and racial/ethnic representation, and project innovation. Awards will be announced in January 2008.

If you have questions about the application package or eligibility requirements please e-mail your questions or requests to:

HVCEmail@shs.net.

4. Maternal, Child and Family Health Coalition Exhibitor and Sponsorship Information

The Maternal, Child and Family Health Coalition (MCFHC) is launching an exciting new series of workshops and invites you to exhibit and/or sponsor the MCFHC's educational series - "Teaching Parents to Parent." The Coalition will present four sessions, training area providers how to engage parents regarding parenting. Input from consumers indicated the need for assistance in parenting. Many providers work with parents but do not know how to teach parents to parent. The training will include both the key parenting strategies as well as training providers how to teach adult learners. Focusing on how to teach parenting skills, the four sessions will cover a) what is age-level appropriate behavior, b) nutrition, diet, healthy activity, c) respect and peaceful relationships - parenting together, and d) parenting for brain development. Please read the attachment for more information.

5. Community Partnerships to End Health Disparities Grant

<http://www.grants.gov/search/search.do?mode=VIEW&oppld=14376>

Agency Name

Office of Public Health and Science

Description

The purpose of the Community Partnerships to End Health

Disparities

Demonstration Grant Program is to improve the health status of targeted minority populations (see definition of minority populations in Section VIII.3 of this announcement) by eliminating disparities. Through this FY 2007 announcement, the OMH is continuing to promote the utilization of community partnerships with locally grounded, grassroots organizations to develop and/or implement promising practices and model programs targeting minority communities that focus on: Health education promotion, disease risk reduction and increased access to and utilization of preventive health care and treatment services. Support will be provided to projects that emphasize prevention, one of the HHS priorities. The risks of many diseases and health conditions are reduced through preventative actions.

5. Chronic Disease Consumer Education Training - July 12

The Department of Health and Senior Services' Section for Chronic Disease Prevention and Nutrition Services will host a training for agencies interested in participating in the exciting new consumer health marketing campaign that will launch in August. Rather than compete, various programs and state partners identified common ground on which they could coordinate campaign messages to improve health behaviors and health care practices to prevent, detect, and control chronic diseases for adults 45 years of age and older. Materials for the campaign, Live Like Your Life Depends On It, are being developed based on formative research conducted this spring and input from the newly forming Living Well Alliance, committed to coordinating public education efforts.

Training on campaign implementation will take place July 12, at the Lenoir Community Center in Columbia. See the attached agenda and registration form (itinerary 071207 pdf). For more information about the project, contact Bernis Tucker at 573-522-2806, or visit <http://www.dhss.mo.gov/ChronicDisease/>.

6. Nutrition Education Opportunity - October 2-3

The University of Minnesota and the Missouri Department of Health and Senior Services are sponsoring an educational opportunity. The video stream of the 2007 National Maternal Nutrition Intensive Course will be held at the Missouri Department of Health and Senior Services, 930 Wildwood Drive location, October 2-3, from 8:00 a.m. - 5:00 p.m. Registered dietitians, nutritionists, WIC agency staff, and other health care professionals will strengthen their knowledge on ways appropriate nutrition services can improve pregnancy outcomes. Also presented will be the effect of maternal eating behaviors on birth outcomes and maternal eating behaviors on infant health status and development. The University of Minnesota conducts this annual course, and has requested continuing education for nurses and dietitians. There is no charge for WIC employees. There is a \$75.00 non-refundable fee for all other attendees. See the attached registration brochure (07UnivofMinnReg Brochure pdf) for details. For more information or questions, contact Michele Bailey at 573-751-6481 or by e-mail at Michele.Bailey@dhss.mo.gov.

7. Tools from Bright Futures for Women's Health & Wellness Initiative
New tools available online from HRSA's Bright Futures for Health and Wellness Initiative include a self-assessment guide and wallet card on physical activity and healthy eating targeted to adolescent females ages 11-20. The self-assessment guide provides young women with a personal questionnaire to assess their current levels of activity and eating habits, questions for discussion with their health care provider, and educational resources on nutrition and physical activity. The pocket guide provides a quick reference to information on nutrition and physical activity ideas for young women. Both tools can be downloaded at:
<http://www.hrsa.gov/WomensHealth/mybrightfuture/menu.html>

8. Special Announcement from the National Eye Institute (NEI), National Institutes of Health: 2008 Healthy Vision Community Awards Program

The NEI is pleased to announce that applications for the 2008 Healthy Vision Community Awards Program will be available June 25, 2007. This program provides funding for the implementation of eye health education and promotion activities that support the Healthy Vision 2010 objectives and the Healthy People 2010 goals to reduce health disparities and improve quality of life. Application forms and program information are available at www.healthyvision2010.org/news. The 2008 awards will focus on the following vision objectives:

- 28-2 Vision screening for children
- 28-3 Impairment due to refractive errors
- 28-5 Impairment due to diabetic retinopathy
- 28-6 Impairment due to glaucoma
- 28-9 Protective eyewear
- 28-10 Vision rehabilitation services and devices

Nonprofit organizations are encouraged to apply, including community-based organizations and agencies, minority-based organizations, schools, faith-based organizations, civic and fraternal groups, community clinics, local Agencies on Aging, and local health departments and agencies. Universities and university-affiliations, such as medical centers, schools of optometry and ophthalmology, are precluded from receiving an award directly, but are welcome to collaborate with community-based organizations. Each award is worth up to \$10,000 per year. Applications must be postmarked by Friday, August 31, 2007. The final selection of award recipients will be based on the evaluation score, geographic and racial/ethnic representation, and project innovation. Awards will be announced in January 2008. If you have questions about the application package or eligibility requirements please e-mail your questions or requests to: HVCAMail@shs.net.
